

REPEL RED INVASION IN SPOKANE.

American Legion Veterans Armed to Protect the City Against Montana Radicals Who are Seeking Revenge for the Centralia Lynching.

(BY A. P. NIGHT WIRE.)

SPOKANE, Nov. 14.—Members of the American Legion here were being sworn in as special policemen this evening to meet what was declared to be an invasion of 1000 to 2000 members of the Industrial Workers of the World to arrive here tonight from Montana and other parts of the Northwest.

Officers of the American Legion told the officials they had received what they considered authentic reports that I.W.W. are en route here and should begin arriving on trains tonight. All incoming trains, they said, are loaded with members of the organization, and reports have been received from lumber camps in this region that I.W.W. are leaving their jobs for Spokane.

Devote efforts to discount reports of the invasion of officers of the Legion stoutly maintained that their information was from reliable sources.

Many alleged members of the I.W.W. were held in the City Jail here tonight on charges of criminal offenses following their arrest yesterday in a raid on a hall where they had made their headquarters. The raid was made by the police and the I.W.W. were taken to the County Jail, if they proved inadvisable, to the State Army or in the yard of the County Jail.

Police were unsuccessful today in efforts to reduce the number of I.W.W. here, and said apparently they had left the city. They did take into custody C. K. Beck, alleged to be a member, and announced that he had discovered evidence of a start here toward the establishment of a German soviet. Fifty-two alleged I.W.W. arrested in raids here yesterday were conveyed in Police Court today on charges of criminal offenses. Beck was sentenced to thirty days in jail and fined \$100. They appeared without attorneys and conducted a "silent defense."

San Francisco attorney, who formerly was an attorney of the city, was held for Federal authorities. Cross is said by the police to be a Communist.

The City Jail is now filled, it was stated, but Sheriff Reid said he could care for 150 additional prisoners in the County Jail. The jail was declared, and would be held, if the jail became overcrowded.

Attorneys were being made with officers at Fort George Wright here for arms and ammunition for the American Legion. All arrested were to be held in readiness for immediate action. Maj. Thomas Gannon, commander of the Third Battalion of the National Guard, announced he had tried to get the I.W.W. out of the city. The two men, recommended that the I.W.W. be held in the County Jail, and that the I.W.W. be held in the County Jail.

All I.W.W. suspects are to be arrested, according to an agreement reached at a meeting here, late this afternoon between the American Legion, the National Guard, the police and the I.W.W. The I.W.W. are to be held in the County Jail, and the I.W.W. are to be held in the County Jail.

The defendants were held in \$10,000 bail each. Magistrate McDoo characterized the prisoners as "dangerous" and prominent leaders of the organization.

HOLD REDS' IRISH LEADER. NEW YORK, Nov. 14.—James J. McGuire, Irish labor leader, and Benjamin O'Hara, a former Assemblyman, charged with advocating criminal anarchy, were held for the grand jury here today by Chief Magistrate McGuire. McGuire, who was arrested in a raid on a hall in New York City, was held in the County Jail.

McGuire, who was arrested in a raid on a hall in New York City, was held in the County Jail. McGuire, who was arrested in a raid on a hall in New York City, was held in the County Jail.

COLORADO'S TROOPS GUARD CAPITOL.

(BY A. P. NIGHT WIRE.)

DENVER, Nov. 14.—As a measure of precaution during the present period of unrest, a detail of National Guardsmen, armed with rifles and bayonets, was placed on guard at Colorado's State house today. Fifteen men, under Maj. Marshall, were assigned to the duty.

BULLETINS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 14.—President Wilson today signed an executive order establishing a new schedule for customs duties based on the reduced values of foreign currencies.

NEW YORK, Nov. 14.—James J. McGuire, Irish labor leader, and Benjamin O'Hara, a former Assemblyman, charged with advocating criminal anarchy, were held for the grand jury here today by Chief Magistrate McGuire.

Several thousand people were drawn to Centralia to pay tribute to the soldiers. The service was held in the city square, and the I.W.W. were held in the County Jail.

Centralia today paid final tribute to its soldiers. In the presence of the National Guard, the I.W.W. were held in the County Jail.

While the members of the American Legion from many points in Oregon and Washington, and the officers of the National Guard, were in the city, the I.W.W. were held in the County Jail.

One blanket complaint, charging ten alleged members of the Industrial Workers of the World with murder in the first degree in connection with the Centralia lynching, was filed with Justice in the city square.

Members of the American Legion, gathered in the city square, were held in the County Jail. McGuire, who was arrested in a raid on a hall in New York City, was held in the County Jail.

OFFICIALS BACK LEGION.

All Forces of Law and Order Unite Here for Smashing War on All "Reds."

A concerted war against "Reds" in Los Angeles, which has been launched by local posts of the American Legion, was sanctioned yesterday by Federal, State, county and city police authorities. These authorities, at a series of conferences, held yesterday afternoon, pledged themselves to support the American Legion in its campaign to have all I.W.W. radicals, Bolsheviks and other enemies of the government imprisoned and, if possible, deported.

The Federal authorities, through the Department of Justice, will cooperate with the District Attorney's office in prosecuting the "Reds" under the new State syndicalism law. The county authorities, headed by Sheriff Cline, will deputize as many American Legionnaires as necessary to bring the "Reds" to justice.

The city authorities, through a police committee, will make the arrests with the assistance of discharged war veterans. The American Legion has organized a committee of investigation to hold the radicals in readiness at all times for the entertainment of the "Reds."

The Executive Committee of the Los Angeles Post, American Legion, called first upon Mayor Sanger and offered its entire membership to aid in suppressing anarchy and lawlessness. The committee then called upon Chief of Police Home and at this meeting a tentative plan was adopted to hold a conference at the city hall.

The next conference was held in the private office of District Attorney Woolwine. At this meeting the plan was adopted to hold a conference at the city hall. The plan was adopted to hold a conference at the city hall.

On August 30th, 1919, I published the following in the Los Angeles Daily Times:

IS JUSTICE DEAD?

IS JUSTICE DEAD?

To the Public and the Officials of Los Angeles County:

FIGHT "RIGULOUS."

"Of course, it is to be expected that judges here, there, influenced possibly by local conditions, will rule adversely on the law. But it seems ridiculous to suppose that the Supreme Court will do so." Mr. H. W. Wilcox, commissioner for the Oklahoma Coal Operators' Association.

OPERATORS' STATEMENT.

All local union officials concede

In April, 1918, the Grand Jury of Los Angeles County returned, we are told, five indictments against the Rev. Dr. Otoman Zar-Aduah Ha'nish for alleged crimes committed upon the persons of five children. Dr. Ha'nish is absolutely innocent of these charges, and following is the proof of his innocence in statements signed by the five children as a result of whose testimony the indictments were returned, and also a statement to the same effect signed by all the parents of the children concerned:

"Dr. O. Z. Hanish never, at any time or place, did to us the things we were made to accuse him of before the Grand Jury and elsewhere through fear. He was always good and kind to us and never otherwise."

ATTACKS ON STRIKE

JAPANESE CROWDING INTO MEXICAN PORT

DRY LAW FRUSTRATED

THE REV. DR. OTOMAN ZAR-ADUSHT HAH'NISH IS THE POSSESSION OF THE REFEREE OF THE JUVENILE COURT, AND THESE STATEMENTS EXPLAIN IN DETAIL AND IN THE CHILDREN'S OWN WORDS HOW THEY CAME TO REPEAT, AGAINST THEIR WILL, FALSE TESTIMONY AGAINST DR. HAH'NISH.

"Men are justified to some extent in not saluting the American flag when it is placed on a level with the 'republic' banner," one Legion official said, "and to give no cause for failure to salute our own flag."

In this particular case a great wrong has been done an innocent man. The Rev. Dr. Otoman Zar-Adusht Ha'nish is, in my regard, the greatest educator of his age. His life

The controversy has reached a point during the afternoon where Mayor Baker and members of the City Commission told De Valera that the De Valera flag is made secondary.

The principles of high living and high character have been established for the benefit of the people in both Europe and America to become healthy, happy and useful members of society. Right here in the City of Los Angeles is a very large number of people who are not only the best there is in life but also life itself to the application of the teachings of Dr. Ha'nish, and among which number of people the writer is included.

As a citizen of Los Angeles, and as a representative of the large number of people

 who know the absolute integrity of Dr. Ha'nish, I say it is a crying shame that in-
 dicments of this character should be permitted to be outstanding against him when not a
 single material and truthful witness can be produced by anybody to prove that Dr.
 Ha'nish ever committed crime.
 "If justice is not dead in Los Angeles the officials concerned in this matter will cause
 the immediate cancellation of the indictments."

DE VALERA INSOLENT.

No action having been taken in the matter, on November 10th I called on District Attorney T. L. Woolwine and said to him in substance:

"Mr. Woolwine, you have made a big mistake. I take it for granted that you, as an honorable man, are more interested in seeing that justice is done than you are in merely prosecuting a man. Your deputy, who has investigated the evidence, knows that

COURT BATTLE.—The county court will have the case before it before the 15th inst. and it will hear arguments on both sides. The case is being argued by the county attorney and the defendant's attorney.

COUNTLESS TOLSTOI DIES AT YASNAYA.—The Russian writer, Count Leo Tolstoy, died at his estate, Yasnaya Polyana, near Moscow, on Nov. 20, 1910. He was 85 years old. He was a member of the Russian nobility and was a famous writer. He wrote many books, including "War and Peace" and "Anna Karenina". He was a pacifist and a Christian anarchist. He was buried in the family tomb at Yasnaya Polyana.

Expert Talks Before State Press Association.

Favors National Blue Sky Law Against Fakes.

Convention will Hear Hemes Editor Tomorrow.

San Francisco, Nov. 14.—Relentless warfare against fake advertising in newspapers, especially of stocks and oil, is being waged by the National Associated Advertising Clubs of the World, Rollin C. Ayres of San Francisco, vice-president of that organization, told members of the California Press Association here today. Friend W. Richardson, State treasurer and president of the association, presided.

Establishment of what he termed "better business" which includes investigation and other advertised events, and, in California, a clear-cut law to trace to their sources suspicious advertisements, were bearing fruit in successful efforts to keep newspaper publishers from becoming innocent accomplices to fake schemes advertised in their papers, Mr. Ayres said. The advertising or "blue sky" law based on a similar California law, according to the speaker.

TALES FROM THE FRONT. The value of newspaper experience to men in intelligence work of the army was told by O. H. Fernbach, San Francisco newspaper man, who was an intelligence officer of the General Staff during the war. The

GIVE RAIL BILL STRIKE CLAUSE.

Curb on Tie-ups in Transportation Passes.

Two Boards Have Power to Act in Disputes.

Voluntary Conciliation in Plan as Adopted.

Washington, Nov. 14.—Compulsory arbitration of railroad labor disputes was rejected today by the House, which voted 151 to 75, to substitute in the pending railroad bill the plan of voluntary conciliation offered by Representative Sweet, Republican, Iowa, and endorsed by the railroad workers.

Representative Cooper, Republican, Ohio, for eighteen years a railroad worker, said the Sweet plan was a "quarantine of no strike or lockout until two boards have passed on a dispute."

"From my own experience," he continued, "the railroad workers have never violated a contract, and I don't believe they ever will."

"Let the practical men from this industry settle their own disputes," he declared. Representative Nolan, Republican, California, a labor-union member, supporting the plan, "For twenty-three years, however, Federal control, the men and their employers successfully settled their own troubles."

ANTI-STRIKE PLAN. By the plan adopted, the machinery used by the roads and employees before and during Federal control would be legalized, with a commission on labor disputes added to consider cases appealed from the boards, to which disputes were first submitted. All the boards would be composed of eight members, four representing the railroad and four the unions. No penalty against strikes or lockouts would be imposed.

In brief, the plan divides the railroad workers into three classes, and for each it establishes an adjustment board and an appeal commission. No matter what strikes or lockouts are imposed, and membership on all six of the boards would be verified by the workers and their employers, and divided equally between them.

Both the roads and the employees are directed by the plan, as written into the bill, "to exert every reasonable effort and adopt every available means to avoid an interruption of traffic, and to this end the three boards of adjustment would be created, these being substantially the same as those existing under the Railroad Administration."

TO MEET ALL DISPUTES. The three adjustment boards each would deal with disputes of certain classes of the fourteen railway unions. One board would include representatives of the four big brotherhoods—engineers, firemen, conductors and trainmen; another would include machinists, boilermakers, blacksmiths, car men, sheet metal workers and electrical workers; and the third would include telegraphers, switchmen, railway clerks and way and shop laborers. Railway executives would name four, six and eight representatives, respectively, as members of these boards.

Corresponding to each board there would be set up a commission to consider appeals, which could be sent to them by half the members of a board. These commissions would be of the same size as the boards, with the select method of choosing members obtaining, but with quality of membership between boards and commissions prohibited. Headquarters of all six tribunals would be in Washington.

Proposal by Representative Madden, Republican, Illinois, designed to prevent discrimination between white and negro workers, was defeated.

After determining the machinery for adjusting labor disputes, the House became involved in a more bitter fight, centering about extending the Interstate Commerce Commission authority in regulating car service, which was carried into the night session. Before the fight became sharp, however, the House without objection approved a change in existing commerce laws, so that the Interstate Commerce Commission upon its own initiative may compel a division of joint rates so as not to unduly prejudice any participating carrier.

REASON FOR CHANGE. "Short lines often refrain from making complaint against their trunk line connections for fear of giving offense," declared Chairman Enoch, explaining the necessity for the change.

As soon as the section proposing extension of the Interstate Commerce Commission authority over car service had been read, several members, particularly those from Texas, sought to prevent its adoption. Because of broadening the definition of "car service" and giving the Interstate Commerce Commission complete control of traffic movement "in an emergency" the section was attacked by members as a robbery of State rights.

A PARTIAL VICTORY. Early in the evening opponents of the section scored a partial victory, when, by a vote of 85 to 59, they forced adoption of an amendment offered by Representative Sweet, Republican, Iowa, expressly providing that State railroad commissions would retain the authority, as limited only by the State police powers to require "just and reasonable freight and passenger service" and distribution of equipment for intrastate traffic.

"This amendment takes the vitality out of the car service act," declared Chairman Enoch, opposing the proposal of the Iowa member. "It hamstringing the Federal authority."

CONFERENCE NEARS END. Discussion of the demands of the four railroad brotherhoods for revision of working conditions, which have been in progress between the brotherhood chiefs and Director-General Hines all week, appeared today to be nearing an end. Railroad Administration officials believed all arguments would have been completed within twenty-four hours. There was no indication, however, whether Mr. Hines would give an immediate answer.

The principal question remaining in dispute is the demand of the

URGES MACHINERY TO FIX LABOR TROUBLES.

HUGHES AGAINST ANY COMBINATION OF ESSENTIAL ACTIVITIES.

Pittsburgh, Nov. 14.—Machinery for industrial justice which would prevent the interruption of service essential to the community was advocated tonight by Charles E. Hughes, in an address on the "Industrial Revolution and the World's Christian Citizenship Conference."

Referring to public servants, transportation, and basic industries, he said:

"If the community provided just means for the settlement of complaints and for the redress of wrongs which might be suffered by those engaged in these essential activities, we should have a right to prevent concerted attempts, that, through any sort of combination, to hold up the community and enforce demands under threat of widespread suffering and want."

For industrial activity outside the essential services, he urged collective bargaining with decisions binding in law.

"The time is at hand," he said, "when we must furnish suitable machinery for industrial justice. The process of justice imply that the parties to the dispute cannot take the law into their own hands and perpetrate the peace and welfare of the community to their consternation."

INCITERS FRUSTRATED. "With the apostles of violence silenced, the schemes of inciters to disorder and destruction, with provision for the peaceful and just settlement of industrial disputes, thus making possible effective measures against interruption of service to the community, we should go far toward making class rule impossible."

Mr. Hughes favored sharing of excess profits with labor, but opposed co-operative management.

The report of the commission on capital and labor formed the basis for a long discussion on the industrial system, during which Rev. Dr. Samuel Z. Batten of Philadelphia declared that since the "primary defects in the American industrial system are in the ideas and principles of men, the primary reconstruction must be within."

NEW POSSESSIONS OPERATE AT LOSS.

London, Nov. 14 (via Montreal).—Official figures published today of the cost of administering the territory in Asia and Africa held by Great Britain since the end of the war show a considerable loss in administration of the former German colonies. Future administration of these colonies, it is estimated from these figures, will involve a loss of \$200,000 yearly.

BULGARIA TO SIGN.

Paris, Nov. 14.—The Bulgarian peace delegation today sent an official note to Paris, announcing that Bulgaria was prepared to sign the peace treaty. It is probable that the Bulgarian Premier, who is on his way to Paris from Sofia, will be awaited before this compact is signed.

STATE COMPTROLLER GIVES CHICO CONVENTION FOOD FOR REFLECTION.

Chico, Nov. 14.—For proper development of its resources California needs more people and more money, so Comptroller John S. Chambers declared in an address tonight at the closing session of the California Fruit Growers' Association convention.

Comptroller Chambers quoted Gov. Simon Ramberg of Utah as urging the States of the Pacific Slope to get together for their mutual advantage. Gov. Ramberg stated, Mr. Chambers said, that Utah, for instance, had iron and coal, while California had people, money and sidewater. Yet Utah and California were shipping their copper ore to the East to be turned into finished products, and were paying freight both ways with consequent economic loss.

RECORDS BAMBARGER. Mr. Chambers seconded Gov. Ramberg's suggestion, but said that before the States of the Pacific Slope could work together to appreciable advantage each should begin to develop its own resources more fully. Each, he said, should develop along natural logical lines if the best results were to be obtained in the shortest time.

As indicating the chief industries of California and the main line for development, Mr. Chambers quoted the following figures as covering the output of 1918:

Minerals, \$72,394,616; oil, \$127,459,221; lumber, \$18,000,000, and agriculture, \$84,101,011.

WHAT STATE NEEDS. "What California needs," said Mr. Chambers, "is more people and more money—more people of the right sort, people we can assimilate, people socially equal, people who meet us half way along industrial lines."

"The way to get these people is not only to tell them of our climate and soil, our mountains and valleys, our forests and minerals, our rivers and tidewater, but also to tell them of our great farm system, our land reclamation projects and the roofed Department of Agriculture as well as to tell them of the wonderfully successful co-operative associations which the fruit growers and farmers have built up for themselves."

Victorious appeal was made by Mr. Chambers for action that would raise the breaking up of large land holdings in California, and he quoted figures to show that of the farm acreage in California, less than one-half is improved.

CASE OF PEOPLE VERSUS MINERS
Secretary Wilson Warns Conference in Address.
Says Wage Demand, Thirty-Hour Week Impossible.
Declares Washington Side Agreement in Force.

WASHINGTON, Nov. 14.—(Reuter.)—Secretary Wilson today warned a conference of coal miners and operators that a thirty-hour week and a 60 per cent. increase in wages, which the miners demanded, was "impossible" and an "unrealistic demand." He said that the government was not prepared to accept such demands, and that the miners must return to work on the basis of the existing agreement.

Secretary Wilson, in his address, declared that the government was not prepared to accept such demands, and that the miners must return to work on the basis of the existing agreement. He said that the government was not prepared to accept such demands, and that the miners must return to work on the basis of the existing agreement.

WHAT'S DOING TODAY.

Autism—Lobbying for material and money for the Autism Institute at 1418 South Grand street, Los Angeles, will be held at 8 p.m. at the Y.W.C.A., 1418 South Grand street, Los Angeles, California. All Ancestral Meeting—All Ancestral and friends of Iowa State College are invited to the November meeting to be held this evening at the residence of Mrs. E. W. Franks, 1218 West Sixteenth street (corner of Western avenue) basket dinner at 8 p.m.

JAIL FOR NEW YORK SUGAR PROFITEERS?

NEW YORK, Nov. 14.—The first sugar profiteering conviction in this Federal district was secured today. Julius and Charles Roth, commission merchants, were found guilty of selling at 23 1/2 cents a pound sugar purchased at 8 1/2 cents a pound. Federal Judge Knox ordered the case was tried, intimating he would send the men to prison.

"If the law is to have any salutary effect at all," Judge Knox said, "that can only be accomplished by imprisonment of persons convicted of profiteering in the necessities of life."

PASSPORTS FORGED IN GERMAN BUREAU.

COPENHAGEN, Nov. 14.—Police investigation of the late forged passport scandal shows that the German Spartacists have organized their forgers perfectly. It was discovered that a Spartacist in Denmark had had a central office for making forged passports. From this headquarters they were directed to a bureau in Copenhagen, where they got help from the Danish Bolsheviks.

One of the arrested German Spartacists, Danneberg, is accused of having murdered a German police commissioner in Berlin, who, as a spy, attended a German Spartacist meeting.

AGREE TO MAKE ONLY 1-2 PER CENT. BEER.

SAN FRANCISCO, Nov. 14.—An announcement that they would not make beer with a greater alcoholic content than 1 1/2 per cent, despite their notice to the collector of internal revenue that they would manufacture a stronger beverage, was made by the California Brewers' Association here today.

Rudolph A. Samet, president of the association, announced that the National Brewers' Association had advised the State organization to suspend its decision to make the stronger brew. The message from the national association was read at a convention of the State body today and the decision to make beer containing a stronger alcoholic content than that now sold was voted down.

The collector had notified Samet that if any attempt were made to manufacture or market the prescribed beer, he would notify the proper authorities in Washington and the United States District Attorney here.

THE YOUNG LADY ACROSS THE WAY

The young lady across the way says some people prefer to pay cash for everything, but personally she finds it easier to use her credit at the dry-goods store.

INCOGNITO FOR WALES IN SOUTH

Prince to Have Holiday at Resort Not Named.

Visits Annapolis and Gets the Famous Cheer.

Pays Respects to Venerable Cardinal Gibbons.

(BY A. P. NEWS WIRE.)

WASHINGTON, Nov. 14.—The Prince of Wales left Washington tonight, accompanied by only his immediate personal staff, for a three-day stay in a southern winter resort, where he proposes to remain incognito. His next public appearance will be Tuesday when he arrives in New York to remain there until he sails for England the following Saturday.

The Prince called today on Mrs. Marshall, wife of Vice-President Marshall, who has been slightly indisposed. He made a trip to the Naval Academy at Annapolis, the venerable head of the Roman Catholic Church in America. He was received by the cardinal in the rectory of St. Paul's Church and chatted with him for ten minutes. Afterward he drove to the Belmont Home where he dined privately.

MEETS BOER VETERAN.—At the door of the rectory the Prince met a Boer War veteran, a former trooper in the Tenth Royal Hussars, "the Prince's Own." The Prince discarded his military uniform in honor of his visit to Annapolis and wore the costume of a captain in the royal navy.

At the academy he was introduced to the famous cheer of the academy. When he entered the great memorial hall where the 288 midshipmen were assembled, "Duke" Currier, the school's cheer leader, jumped to the platform and called for "four naves and three prices." The big building shook at the roar that followed.

PLANTS MEMORIAL TREE.—After a brief address in which he paid tribute to the achievements of the American navy in the war, the Prince planted a memorial tree in front of Bancroft Hall.

Before going to Annapolis the Prince purchased 100 Red Cross Christmas seals from Adrienne Mayer, the 5-year-old health crusader, who recently was decorated by Gen. Pershing for making a perfect score in the children's health crusade against disease.

"Startling facts on public health conditions were shown by the medical examination of millions of men during the war," said the Prince in making the purchase. "These facts have demonstrated clearly the necessity of attacking harder than ever such menaces as tuberculosis. I am sure this world-wide work has the approval of every thoughtful person. The seals really represent the ounce of prevention. I wish the campaign all success."

STANFORD ASKS FUND FOR FREE SCHOOLING.

NEW YORK, Nov. 14.—The Stanford Club of California, the members of which are graduates of Leland Stanford University of California, held its annual dinner and election of officers at the Hotel Majestic last night. Herbert C. Hoover, an alumnus and a trustee of the university, was the guest of honor.

Mr. Hoover told the diners that for the first time since the incorporation of the college it would have to raise additional endowment funds in order to provide free education for matriculants. The needs can be met, he said, by a fund of \$1,500,000.

The New York alumni announced that they had made up their allotment of \$10,000 toward the \$200,000 memorial hall to be erected in memory of sixty-five Stanford men who lost their lives in the war. Dr. H. Lyman Wilbur, president of the university, told of the progress of memorial plans.

Bredie G. Hixley was elected president and R. J. McClelland, secretary of the club for the ensuing year.

WON BY FINE TALES, NOW WANTS DIVORCE.

NEW YORK, Nov. 14.—Capt. Thomas L. Reynolds of this city is being sued for divorce by Mrs. Ethel May Reynolds, late of California. They met there in 1917 and, dangled by his stories of his wealth and social position, she married him, May 17, 1918, in Newark, N. J.

She says he told her he was "Senator" from Kings county, had been Ambassador to Russia and had been granted a foreign title. He showed her a photograph of his home in England, which, she said, proved as mythical as his titles and wealth.

After less than a year of married life, she says, she learned in various ways of his true reputation and left him April 23 of this year. Prior to their marriage, she says, she learned Reynolds had been named as co-respondent in a divorce suit instituted by Jacques Bustanoby, the restaurateur.

The couple have no children.

LIQUOR INDICTMENT AGAINST RAILROADS.

TOLLEDO, Nov. 14.—Indictments were returned by a Federal grand jury today against two railroads on charges of transporting liquor from one State to another in violation of national-wide prohibition laws. The Cleveland, Cincinnati, Chicago and St. Louis and the Toledo, St. Louis and Western are the companies named in the indictments.

Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the Lips of the Afflicted.

Eczema, Tetter, Erythema, and other irritating conditions of the skin are deep-seated blood troubles, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to relief. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble. Give it a fair trial to be convinced of its efficacy.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today, describing your case, to Medical Department, Swift Specific Co., 253 Swift Laboratory, Atlanta, Ga. (Advertisement)

NOVEMBER 13, 1919

The Times

SATURDAY MORNING, NOVEMBER 15, 1919. —PART II: 12 PAGES.

POPULATION: By the Federal Census (1920) 325,000. By the City Director (1918) 497,000.

BUILDING OF SAN DIEGO AND ARIZONA RAILROAD TO BE FINISHED TODAY.

New, Direct Steel Link Between Imperial Valley and the Sea, to Be Completed This Afternoon.

The large drawing, by Charles H. Owens, Times staff artist, shows the route and topography of the new San Diego and Arizona Railway, and its connections with Arizona and the East. Grouped about the border are scenes from along the railroad and some of the men who have made the great achievement possible.

GOLD SPIKE WILL MAKE RAIL DREAM TRUE.

John D. Spreckels to Drive it This Afternoon and Imperial's Steel Link with Tidewater; Vision of Half a Century, will Become an Actuality; Road Cost Eighteen Million Dollars; Plan Week of Celebration.

BY LEWIS HAVERMALE.

The golden spike that is to complete the construction of the San Diego and Arizona Railroad will be driven at 2 p.m. today by John D. Spreckels, president of the railroad company.

In the presence of a great company of people, representing San Diego and adjacent territory and all the cities of Imperial Valley, the Harbor of the Sun, where civilization first planted its foundations in California, will be linked by bands of steel to America's great Nile land, whose thousands of fecund acres are capable of feeding 1,000,000 people and furnishing cotton and wool for their clothing.

While this event is of vast importance to Southern California and the entire Southwest, it also is of national moment, for, by the act of closing the gap this afternoon, the United States will acquire a continuous railroad line skirting its southern borders from the Pacific Ocean to the Gulf of Mexico. Moreover, a new transcontinental line to Southern California comes into completed existence and an artery for a vast volume of traffic between the State's richest lands and one of its great harbors is made ready for service.

DREAM REALIZED.
Today's ceremony makes actual a dream which first came to San Diego half a century ago. During past years various schemes for a direct railroad route easterly were evolved, with seeming prospect of success, only to eventually fail of accomplishment. Finally, in 1904, John D. Spreckels undertook the mammoth task of constructing the San Diego and Arizona line, and, after many vicissitudes, the Spreckels interests of the Southern Pacific have joined to bring the project to fruition. The San Diego and Arizona Railroad's new construction—from San Diego to El Centro—comprises 147 miles, much of it through the rugged Carriño Mountains. The line, as it will be operated—from San Diego to El Centro, and thence on Southern Pacific tracks to Yuma, by way of the Inter-California Railroad, detouring into Mexico—will be 218 miles in length.

Twice the railroad dunes down into Mexico. Eighteen tunnels have been driven through the native rock, several of them requiring absolutely no timbering on account of the solid formation of the material through which they were bored. It was this heavy tunnel work that delayed the completion of the road, work on which was prosecuted continuously during the war period, although practically all other railroad construction in the United States came to a standstill.

FOR CEREMONY.
This morning at 7:30 o'clock a party of 400 San Diegans and their guests, including representatives of practically all the railroads of the Pacific Coast, will leave that city for the spike-driving ceremony. At the same time automobile parties, numbering at least 100 persons, will leave Imperial Valley points for the same destination. The meeting point will be Jacumba Hot Springs. There, a luncheon will be served at 12 o'clock. Then the entire party will board the train and proceed easterly on a track that hugs the precipitous sides of the mountains, dodging into tunnels from one shoulder to another, and rushing out again to overlook scores of hundreds of feet below. Six miles out from Jacumba Hot Springs, and at a point about 1000 feet easterly of tunnel No. 2—in which tunnel the most difficult construction work of the entire route was encountered—will occur the spike-driving.

John D. Spreckels will grasp a sledge hammer, tap the golden spike into upright position, and then, with sturdy blows, will send it home, imbedding it in the tie that forms the connecting link between the desert and the ocean side of the new transcontinental line. Incidentally, it may be stated that Mr. Spreckels has requested General Manager Pontius to provide a tie that is "easy," as spike-driving is a strenuous task, and there must be no failure in this last act in the long looked-for event.

ENGRAVED SPIKE.
The spike, which is of ordinary steel, is engraved: "Last spike used in constructing the San Diego and Arizona Railroad, in Carriño Gorge, November 15, 1919."

Immediately after the spike-driving is completed there will be addresses by Mr. Spreckels, D. W. Pontius, general manager of the railroad; Congressman Kettner, Carl Hellman, chairman of the general committee in charge of the celebration; and Frank Hever, president of the Associated Chambers of Commerce of Imperial Valley. There will be community singing, led by Wallace Moody, director of community work at San Diego, and a band will play the national air.

The party will then make a brief inspection of the section of the railroad passing through the Carriño Gorge, where some of the most striking scenes along the entire route are to be found, and will then turn homeward—to join again in the formal celebration which is to take place the first week in December, and to include programmes in both San Diego and the Imperial Valley. At today's events Mr. Spreckels will be accompanied by his wife and daughter, Mrs. Holbrook, and his brother, A. B. Spreckels, one of the owners of the property. The Imperial Valley party will have representatives from all the cities of the valley and there will also be a delegation to represent Yuma.

STARTS DECEMBER 1.
General Manager Pontius stated yesterday that the actual through service on the San Diego and Arizona Railroad will begin on December 1, for local traffic between San Diego and the Imperial Valley. On December 15, if the contract is completed with the United States Railroad Administration for Pullman car service, service will be begun between San Diego and Chicago, by way of the San Diego and Arizona, the Southern Pacific and the Rock Island railroads. Should there be delay in completing the contract for the Pullman service, then these through trains will be started on January 1, when the railroad lines are to be released from Federal control.

The San Diego and Arizona Railroad was released from Federal control within a short time after all roads were taken over by the government, and because of the pressing necessity of the completion of the line, authority was given it to proceed with the construction work. At the San Diego terminal, the handsome union station, erected some time ago by the Santa Fe Company, will be used for the trains of the new railroad. A \$100,000 freight terminal has been completed for the new road at the foot of Tenth street.

As the road makes two dips into Mexico, thus bringing about the complications of international traffic, arrangements have been made

LEGION POST DEFIES I.W.W.

Ontario Veterans Demand All Leaders be Deported.

Secretary Warns Against Work of Agitators.

Soldiers Offer Services to Police Department.

(SPECIAL DISPATCH.)

ONTARIO, Nov. 14.—That the government immediately take action to incarcerate or deport all members of the I.W.W. in the United States on the grounds of sedition and treason was the demand made by members of the American Legion, at a special meeting this evening at the Ontario Chamber of Commerce, called for the purpose of discussing the recent murder by alleged I.W.W. members of four ex-service men at Centralia, Wash.

The demand was contained in a resolution presented by Secretary Joseph A. Downey, in which it was suggested that if the government fails to take such action that the American Legion would be in duty bound to take physical action to protect the American government and its institutions as well as the lives of Legion members and of American citizens generally.

Downey warned against undermining the government and ability of I.W.W. leaders, speaking from experience gained in the intelligence department while engaged in the suppression of I.W.W. disturbances in the spruce forests of Oregon and Washington.

"I.W.W. leaders," he said, "are fanatics with an uncanny ability for swaying the more ignorant class of laborers. They are psychologists who seem to have an almost intuitive faculty for choosing just the proper moment to instill in their prospective members the principles of I.W.Wism."

"Once they win these men to their way of thinking, they are a potent force for evil, inasmuch as they will do anything and everything they are told to do by their leaders."

"It is such men that the Ameri-

THOUGHT WAVES CAUSE TROUBLE.

(SPECIAL DISPATCH.)

PARADISE, Nov. 14.—Americus Coneau, a cripple, was fined \$25 and given a suspended sixty-day jail sentence by Judge Raymond Thompson here today for striking Albert Menefee, a 15-year-old boy, over the head with his cane in a local theater. Coneau said he struck the boy because the lad was giving him an absent treatment that caused him severe pain. The boy was sitting four rows behind Coneau.

can Legion has determined to exterminate. Men who will give blind obedience to unscrupulous leaders whose aim it is to bring about an era of personal license to replace the present form of government. These men and the insidious propaganda disseminated by them must be suppressed if America is to be freed of the menace of extreme radicalism for which the I.W.W. and other kindred organizations stand.

"This most recent I.W.W. outrage in which four members of the American Legion were murdered at Centralia is a direct challenge from the I.W.W. to the American Legion, which has come on record as being determined to suppress I.W.Wism and its abominable teachings."

"That is not sufficient because there are hundreds of thousands of other members of the I.W.W. who are prepared to repeat the outrage the next time their leaders say the word."

"If we accept the challenge we must not let up for one moment in our campaign against these traitors and preachers of sedition until the last vestige of their organization and propaganda has been exterminated for all time."

"If we adopt this resolution we are accepting the challenge as far as this post of the American Legion is concerned."

The resolution was adopted unanimously after several other members expressed their approval of its contents. President J. H. Tiltie in explaining the purpose of the meeting briefly summarized the events connected with the murder at Centralia and said this is an outrage that we as members of the American Legion cannot ignore. We must take some action regarding it. Following the discussion on Secretary Downey's resolution a resolution presented by H. E. Parkins to the effect that Chief of Police Hardy be notified

that the entire membership of the local Post is prepared to stand behind him in any of his activities against the I.W.W. or other enemies of Americanism was carried unanimously.

Coronado Agency, 517 Spring st. H. F. Norcross, general agent.—(Advertisement.)

HARBOR VETERANS STIRRED TO ACTION.

ACTIVITY OF I.W.W. LEADS AMERICAN LEGION TO WAR ON REDS.

(LOCAL CORRESPONDENCE.)

LOS ANGELES HARBOR, Nov. 14.—Harbor Post, No. 65, of the American Legion has declared for a clean-up of Reds at San Pedro. Stirring resolutions were adopted at an indignation meeting, last night, held to discuss the outrage at Centralia, Wash., and condemning a local meeting at San Pedro, Tuesday night.

Although the meeting was held under a police permit, secured in the name of the Workers' Defense League, it is declared by some of those in attendance that it was to all intents and purposes an I.W.W. meeting. Threats are alleged to have been made against the American Legion at the meeting, and the extra newspapers with accounts of the massacre at Centralia arrived a few minutes earlier before the meeting disbanded. It is believed a riot would have ensued.

Harbor Post now has a membership of more than 400 returned soldiers and sailors, who are a unit in making war on the Reds. At the meeting an intelligence committee of ten was appointed to investigate persons suspected of I.W.W. tendencies. Rev. Thomas Grice, pastor of the First Methodist Church of San Pedro, who recently returned from overseas as chaplain in the army, was appointed chaplain of the post.

ENDS BITTER TRIAL.

(LOCAL CORRESPONDENCE.)

EL CENTRO, Nov. 14.—After three days of a bitterly contested trial, Judge Franklin J. Cole today gave Mrs. Laura Vogt a divorce from her husband, Francis Vogt, \$60 a month alimony and the custody of their child. It was brought out that the husband spanked the baby before it was a year old and failed to provide a suitable home for the wife. He is said to own property valued at \$40,000.

Mr. and Mrs. A. C. Tinker.

SIXTY YEARS WEDDED.

Mr. and Mrs. Charles Tinker Celebrate Unusual Event at Redondo Beach.

(LOCAL CORRESPONDENCE.)

REDONDO BEACH, Nov. 14.—In a pink and white setting, a beautiful bride's cake was a feature. On the program which followed Mrs. Tinker charmed with several vocal solos, playing her own accompaniment on the beautiful grand piano, whose tones have mellowed with her voice. A great-grand-nephew, Robert Mescham, also gave several solos. A sister of Mr. Tinker, Mrs. Ina Tinker of Hollywood, and a sister of Mrs. Tinker, Mrs. Mary Lamberson of Eagle Rock, assisted in the celebration. Others were a son and wife, Mr. and Mrs. William Tinker of Los Angeles; niece, Mrs. Luella Mescham of Redondo Beach, Mr. and Mrs. Amos Graffius, Santa Monica; Rev. H. W. Evans, Newhall, and a grand-niece and family, Mr. and Mrs. Harry Mescham of this city. Other friends called during the day to offer congratulations.

Mr. and Mrs. Tinker were married in Greenwich, Ill., November 14, 1859, the occasion being also the bride's twentieth birthday anniversary. They came to California in 1881 and located in Hemet. They resided there and at Riverside, where Mr. Tinker was one of the pioneers in the orange industry. They have resided in Redondo Beach for the last eleven years. Mr. Tinker's father was a Baptist minister, and they have been staunch adherents to this faith. Mr. Tinker has directed and added materially in the building of three Baptist churches in Southern California, at Hemet, Riverside and Redondo Beach. They have always been most active in the community life where they lived. Today, at the age of 80, Mrs. Tinker is an energetic worker for the Ladies' Aid Society. She does her own house work in the very pretty home where they live, puts up preserves, does all sorts of needlework and entertains frequently, a dinner party being her great delight.

She has a beautiful contralto voice and sang often in public until just a short time ago. Mr. Tinker is a hearty man of 84, and comes from sturdy New England stock. His grandmother lived to be 95 years of age. Mrs. Tinker was Miss Johanna Pratt, daughter of Capt. Pratt of Connecticut. Four children, four grandchildren and two great-grandchildren are among the relatives sending her wishes from various parts of the United States to the bride and groom of sixty years ago.

"Hotel del Coronado" will be very popular this season. Make reservations at 517 Spring. Phone M. 3917.—(Advertisement.)

EARN MONEY BY SWEAT OF BROW.

TEMPERANCE WORKERS RELATE EXPERIENCES AT POMONA CONVENTION.

(LOCAL CORRESPONDENCE.)

POMONA, Nov. 14.—How prominent women of this community did their own washing and their neighbors housecleaning in order to earn their quota for the jubilee anniversary of the W.C.T.U. in the drive for a million members and a corresponding number of dollars by next March, was told by some of the women themselves at the district institute of that organization, held here today in the First Presbyterian Church.

Among those who told of her strenuous labors at housecleaning was Mrs. Elmina F. Nicklin, president of the Pomona union, who declared that she was still stiff and sore from her unaccustomed labors. Another prominent teller was Mrs. M. Richmond, president of the Willard union of this city, who described her tussles with the family wash, which she said was her method of acquiring the \$3 each asked of members of the W.C.T.U. Both these women, as well as others who told of their efforts to earn money, are well supplied with this world's goods, but emphasis was laid upon the fact that all contributions to the jubilee fund must be actively earned, and hence the unusual toll of those who recounted their adventures along this line.

Mrs. Julia D. Phelps of Los Angeles, president of the county union, presided at the all-day sessions, and Mrs. Hattie C. Young of Long Beach, vice-president of the county organization, delivered the principal address on the plan for a dry world by 1925. Holmes Brown was "dry toast" mistress at a noon luncheon.

Spent Thanksgiving at Coronado.—(Advertisement.)

TELLS OF FLOOD DAMAGE TO CROPS.

VISITOR TO EASTERN STATES SAYS MUCH CORN IS DESTROYED.

(LOCAL CORRESPONDENCE.)

POMONA, Nov. 14.—A. E. Waters, well-known Pomona resident, returned today from Indiana, where he spent the last month visiting friends and relatives in and about his old home. He brings with him an interesting story of the big crop damage being wrought by unprecedented fall floods, which have swept down the valleys of the White, the Wabash and other rivers in the part of the State. The loss to the corn crop alone will run into thousands of dollars.

The floods were caused by some of the heaviest and most continuous rains ever experienced in that section. These rains kept up for weeks and prevented the farmers from harvesting their later crops. Following the rains there came floods which inundated large areas of the fertile valley lands and their rich corn crops.

Residents of these districts had been accustomed to floods in the spring seasons, but the fall came without warning and the farmers were not prepared for them. Mr. Waters visited Indianapolis, Muncie and other places. He reports that business was on the boom wherever he went. He also attended the international convention of Christian churches held in Cincinnati and reports an enthusiastic gathering.

RIVERSIDE SOLDIERS CONDEMN RED ACTIVITY.

(LOCAL CORRESPONDENCE.)

RIVERSIDE, Nov. 14.—The executive committee of Post 79, of the American Legion has forwarded the following telegram to Great Lodge Post of Centralia, Wash.: "Riverside Post 79, of the American Legion, extends to you sincere sympathy for the boys murdered on Armistice Day, and hopes that you may succeed in convicting responsible parties."

"The telegram bore the signature of Capt. Harry G. Patee, commander of the local post, who also sent a message to the California headquarters of the American Legion, heartily endorsing any action the government may take to bring to justice persons responsible for the shooting, and avenging the death of members of the Legion at the hands of the I.W.W."

Make your "Hotel del Coronado" reservations at 517 Spring st.—(Advertisement.)

UNION MOVEMENT FAILS TO SCORE.

FRUIT WORKERS IN PORTERVILLE DISTRICT ARE NOT INTERESTED.

(LOCAL CORRESPONDENCE.)

PORTERVILLE, Nov. 14.—As far as output from the Porterville district orange packing-houses is concerned there has been no commercial effect on the Washington naval pack from the general strike which was called October 15 by the Central California Fruit Workers' Union. All plants are running with crews sufficient in size to handle all demands for fruit.

There has been no attempt to organize the pickers and packers, other than distribution among them of literature of a certain "direct action" organization, the work of which, however, has been limited and under cover. Boxmakers, truckers and loaders, which the union made special efforts to force into the strike, have not appeared to have been as completely organized as the officials of the union claimed and as far as can be learned none of the members of the regular force in the plants have quit work.

Spent week-ends at "Coronado."—(Advertisement.)

HIGH-GRADE COTTON.

Palo Verde Crop Shows Finest Quality and Big Price.

(LOCAL CORRESPONDENCE.)

ELYTHE, Nov. 14.—Palo Verde Cotton is still climbing. Buyers this week paid 19 cents for good grades and 49 and 49 1/2 cents for middling cotton. The same day middlings sold on the New York exchange for 18 1/2 cents. The New Orleans quotation for the same grade was \$19.50. The higher comparative process is recognized as being due to the superior quality of Palo Verde cotton as during this season, not more than a half dozen bales were damaged by the buyers as of a lower grade than middling. So few were the lower-grade bales that no separate count was kept of them and they were lumped in with the middling grade.

Best winter climate at Coronado.—(Advertisement.)

VALLEY REVIVES COTTON INDUSTRY.

(LOCAL CORRESPONDENCE.)

COACHELLA, Nov. 14.—After remaining idle for ten years the cotton industry in Coachella is being revived. The present high prices have given cotton a boost here. It is estimated that 100 acres will be put under cultivation next year. Coachella was the pioneer district in cotton growing having attempted it in 1880. It was grown successfully in Imperial Valley. The variety which, the state results show, is most suitable to the Coachella climate is the "Big Bull Texas," which has a staple of an inch and grows a bale and a half to the acre. This year much volunteer cotton here gave a bale to the acre.

Fine saddle horses at Coronado.—(Advertisement.)

DATE MEN ORGANIZE.

Association Files Application for Incorporation.

(LOCAL CORRESPONDENCE.)

INDIO, Nov. 14.—The Deglet Noor date palm growers of this vicinity have organized under the name of the Deglet Noor Date Growers' Association, and have filed the necessary articles of incorporation. The incorporation was by T. H. Rosenbush, C. E. Franch, Bruce Drummond, S. S. Boyer, and D. H. Gilliam, all of Indio. The organization intends to provide facilities for receiving, packing, shipping, marketing and marketing the crops of the members of the society. It will also act as agent for the Deglet Noor date palm and make an effort to standardize the quality and prices of both the offshoots and the fruit.

"Coronado Agency," 517 Spring.—(Advertisement.)

BIG LAND DEAL.

(LOCAL CORRESPONDENCE.)

VENTURA, Nov. 14.—The O. A. Wadleigh ranch of 100 acres in the Hemet section has just been sold to the Deirich brothers of Oxnard at a price of \$1100 an acre.

SANTA ANA LICENSES.

(LOCAL CORRESPONDENCE.)

SANTA ANA, Nov. 14.—Marriage licenses here: Harry Rupert McKibbin, 31, Los Angeles, and Ruth Plank Campbell, 18, Alhambra; William Leo McKim, 21, Irvine, and Vera May Britton, 18, Long Beach.

Providing for Production.

Factories, great production works, new industries, may want to locate in Los Angeles and its vicinity. But if investigation shows that man-made barriers are completely allowed to exist, this industry will seek elsewhere.

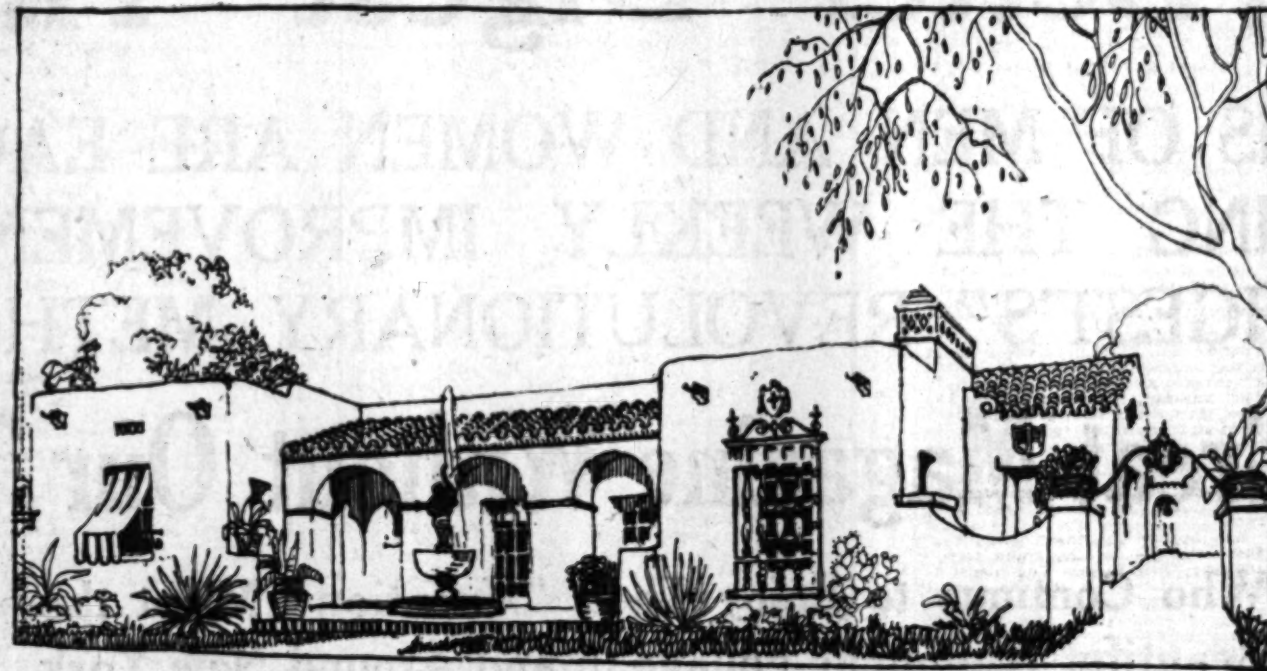

The present most commonly remarked barrier of this sort in Los Angeles is the lack of suitable available homes for incoming productive population to live in until they are settled.

This Store Assists in the Creation Successful and Better Homes

In coming to Barker Bros. for the realization of your Furniture and Home Furnishings plans, you give yourself the satisfying and definite assurance that whatever you choose here, with our assistance, will be notable for its fitness in your home and in its relation to the home's exchequer.

Barker Bros

Spanish Home for City or Country.

Don't Fail to See 4062 W. 7th

ONLY \$13,500

A very pleasant surprise awaits you in the inspection of this Williams residence, for, seldom indeed have you seen a property so ideally combining all these features. The house is a two-story affair, with a tiled roof, arched windows, and a small courtyard. It is a very attractive and comfortable home, and is offered at a very low price.

WILLIAMS & WALTER
Real Estate, Loans and Insurance
709 Van Nuys Blvd.

"Home of Your Own"

—Experts say the demand, for a long time to come, will far exceed the supply.

—Also, in their opinion, building materials will not come down—indications to the contrary are that there will be a rise.

Present high rentals probably have no precedent. If you build a home to live in you will save a great deal of rental money. If you build for investment, the interest on your investment will be much greater than the same money can possibly earn in other channels.

—The Institutions below, endorsing this campaign, KNOW local real estate conditions. Their advice to you to build now is based on facts.

Our organization, composed of Real Estate men from all parts of the State, enthusiastically endorses this campaign.

California Real Estate Association.
W. W. Mines, President.

The National Association of Real Estate Boards passed a resolution at their recent Atlantic City Convention, endorsing and recommending the "Own Your Own Home" movement. It makes for better citizenship.

W. I. Hollingsworth,
Vice-President,
National Association of Real Estate Boards.

We heartily endorse worthy campaigns of this sort.

Los Angeles Realty Board.

We know Los Angeles needs many more homes.

Los Angeles Gas & Electric Co.

I have always believed every good citizen should own his own home, not only from a civic standpoint, but economic as well.

FRANK C. CURRY
606 CONSOLIDATED REALTY BUILDING

House Description and Floor Plan.
This attractive home of Spanish design was planned by the Garden City Company as suitable for either a city or country residence. It may be constructed of brick, hollow tile or plaster, the design lending itself readily to these materials with slight variation in cost. It is, according to the architect, especially suited to a foothill background or on a site where garden effects may be arranged. The large living-room and the dining-room are so arranged as to be converted into one spacious room for entertaining. The position of the bedrooms gives them a maximum of light and ventilation.

HOME THE GREATEST AID. Ownership of Own "Nest" a Natural Law, Says Merchant.

BY W. A. BARKER, President Barker Bros.

An impressive fact is that the sole possession of wild creatures, animals and birds is a nest or lair—a home. It is inevitably a part of their existence to establish homes and protect their young in these homes so long as the young are unable to protect themselves.

A significant fact in this connection is vouched for by naturalists, who tell us that the decline of most birds and animals in captivity after maturity is due to the thwarting of their home-making, home-possessing instincts.

Man takes his inheritance of these instincts and by the exercise of his intelligence enables them to act and purpose of greater service. He makes the human home a nest for the care and protection of the young through all their early years, and with this perpetuates it as a refuge of deserved ease for the declining years of old age.

Practical experience teaches us that a home is a resource. The acquisition of a home, built and owned, furnished and adorned to man's taste and fancy, marks the beginning of its owner's true record of achievement of worthy things of the mind and heart as well as of a material nature.

By setting examples build the character of the young within it—its harmony inspires love of parents and its counter attractions dull the glamour of evil outside influences and associates. It early aids to set a standard in the minds of the youthful, and after the strife and effort of middle life is a source of joy for the aged. Materially, from the monetary standpoint, building and owning a home surmounts to no opposing argument. Its benefits to the man who finds the community in which he lives and works and rears his family, pleasant and congenial, are of such a nature as to make rent-paying a compromise with bad judgment.

It is only profitable in such a case to own your own home. The responsibilities of home building and owning identify a man as an individual in the civic life of his city and, on the part of those who logically can and should, is as needful as intelligent voting.

My personal observation is that the beginnings of the successful careers of many young business men has been the acquisition of title deed to a home. Credit is based on character and resources. A home is a character maker, and is at the same time the most elemental and greatest resource of all.

TOUGH LUCK!
"My idea of a forlorn critter in these days, Jasper, is the fellow that stuck at the crossways while the other fellow and his family moved into the last home in town."—[Exchange]

HOME BUILDING.
Los Angeles' building permits exceeded \$4,000,000 in October, largely because hundreds of earnest men and women—wage-earners and investors, large and small—are combining to make the "Own Your Own Home" movement a striking success. Of that total, more than \$750,000 went into small homes, while the expenditure for the more pretentious ones exceeded \$100,000. These figures are referred to by the city building department as striking evidence of the strong hold that home building now has on the public mind. And every indication points to a continuation of this home-building spirit throughout the fall and winter.

TO HUNTLEY DRIVE.
Property owners on portions of Roylston avenue and Saphire street yesterday petitioned the City Council to change the names of these streets to the name of Huntley drive. The petition was referred to the City Engineer for his recommendation.

DELAY FOR FLOWERS.
Attorneys Get Postponement to Study Previous Testimony.

On the ground that attorneys defending J. Monroe Flowers, president of the so-called "Automobile Club of America, International," accused of obtaining money under false pretenses, have not had time to read a transcript of testimony in a civil case against Flowers, covering the same charges, his hearing was continued yesterday by Justice Summerfield. The hearing will be resumed November 25, when Richard Rinker, the alleged victim of Flowers, will again take the stand.

AIMING HIGH.
Show me the home owner and I'll show you a man who is finding independence for himself and family, who is a better citizen, a finer American, a more dependable parent, a safer friend, who has higher standing with his neighbors. His business associates, his bank, who has something worth while to enrich, to fight for, to take pride in. Is there a better aim than this?—The Editor.
